7 In the letter sent this file 36-11 re
deputation of Messrs Subhansunny Dyer to
Bawa Sahib Mysore to the four works
under the Committee for Industries &
Commerce of the Economic Conference.
From Para 2 of the Order No G.M. 36-11-123
of 11/7/12 directs that the Head of the
Deptt should relieve them and ask
them to report for duty to the Chairman
of the Industrial Committee Mr
Subhansunny Dyer has been relieved
of his duties in the Indl School, Mysore
and Mr M G Ramachandra Rao
acts for him Regarding the deputation
Indl School, no report has
been received here Perhaps the Secy
of Govt may have made the necessary
arrangement as the matter is within
his power

Dewan's Order

It is to be noted
The term may be read as
at once & the Special Adviser suggests
to submit report whether it will
of the & existing circumstances of the
School or suggest any more from
the meeting as on hand, the
work may be continuing thus/

14 11 13

bb

The Inspector General of Education as will be seen from his letter is not in favour of retaining the school in his hands if Mr Chatterton is to have a part control over the building and the school as such a course may lead to friction and unpleasantness in the future At the same time he is perfectly willing to divest himself of all concern with the building and the school if Government approve of his proposal

16

The oil-engine has to be installed immediately and this is to be worked under the direction of Mr Chatterton Dual control is sure to result in friction It seems therefore desirable to transfer the Chen-napatna Industrial School to the control of Mr Chatterton at once pending the separate consideration of the general question of the control of other schools

17

I would propose a modification to the draft as therein indicated which if the First Councillor approves may issue at once

18

Proposed modification of the draft order -

and as proposed by the Inspector General the control of the school is transferred to the special adviser temporarily for a period of one year "over the period of his employment in Mysore -"

Bangalore 9th December 1912

From M Shama Rao Esq M A
Offg Inspector General of Education in Mysore

To

K R Srinivasiengar Esq M A
Offg Secretary to the Government of His Highness
the Maharaja of Mysore General & Revenue Depts

Sh

I have the honour to forward herewith copy of letter No 474 dated the 4th instant from Mr A Chatterton Special Adviser for Industries and Commerce in Mysore addressed to me seeking permission to instal an oil-engine and twenty lathes in the Government building of the Industrial School at Channapatna for the improvement of the Channapatna toy industry From what I know of the building it does not lend itself to the location of an industrial school and to the establishment of a factory each under the control of a different authority At the same time ^{as} Mr Chatterton's object is to improve the local industry I do not wish to stand in the way of any facility he needs for his purposes In these circumstances I propose that Government may be pleased to sanction that temporarily during the period of Mr Chatterton's employment in Mysore the management and control of the Industrial School may be vested in his hands so that there may be only one officer exercising full authority over the building and over the school I am not in favour of retaining the school in my hands if Mr Chatterton also is to have a part-control over the building Such a course may lead to friction and unpleasantness in the future and I am perfectly willing to divest myself of all concern with the building and the school if

Government are pleased to approve of my proposal

I have the honour to be

Sir,

Your most obedient servant

W. S. Kumaras

W. S. Offg Inspector General

2

Letter No 439 dated 4th December 1912 from Alfred Chatterton
Esq C I E Special Adviser for Industries & Commerce in Mysore
to the Inspector General of Education in Mysore

I have the honour to state that Government have sanctioned an expenditure of Rs 4 000 on an oil-engine and 20 lathes for the improvement of the Chennapatna toy industry It is proposed that the oil-engine and lathes should be installed in the Government Industrial School at Channapatna and I have the honour to request that you will accord your sanction to the same I may point out that it will be highly advantageous to the Industrial School to have this plant and that it will be in no way inimical to its interests

I regret that by an oversight this letter was not addressed to you before the plant was ordered and I would therefore be extremely obliged if you will kindly let me have a reply as early as possible as I am expecting the plant to arrive at Channapatna in a short time and must make arrangements for its installation
